

Certificate of Participation

This certificate recognizes the participation of

Městská nemocnice Čáslav of Czech Republic, European Region

(the "Recipient")

in the global round of proficiency testing for subnational laboratories to detect the presence of SARS-CoV-2 by polymerase chain reaction (PCR) organized by the World Health Organization and distributed in August and September 2022

A blue handwritten signature, possibly of a WHO representative, is written above a dashed line.

Public Health Laboratory Strengthening Unit, WHO Emergencies Programme

31 October 2022

Date

This Certificate is only intended to recognize the Recipient's participation in the activities indicated on it. This Certificate does not constitute or imply, and the Recipient will not use this Certificate in any manner that suggests or implies, any approval, certification or endorsement by the World Health Organization of the Recipient and/or any of its activities, products or services. By receiving this Certificate, the Recipient agrees not to use this Certificate and/or the Recipient's participation in the activities indicated on this Certificate for any promotional, publicity or commercial purposes.

This External Quality Assessment scheme was made possible by the financial support of the United States Centers for Disease Control and Prevention (US-CDC) and the French Ministry for Europe and Foreign Affairs (MEAE)
